### 100+ Millennials Who Care Raises Over \$8,000 With First Donation

- Approximately \$7,000 raised by members, \$1,000 donation from UHY Advisors
- Fleece and Thank You (Novi, MI) first organization to receive donation

**October 29, 2018** – 100+ Millennials Who Care (100MWC) is proud to announce that we have made our first donation as an organization to Fleece and Thank You. The donation is a result of our first members' meeting in which Fleece and Thank You was nominated by attending members to receive the donation.

"Our blankets are two yards of solid fleece, two yards of print and one special patch, these blankets are used to create 30,000 smiles for 30,000 kids every year" said Nicholas Kristock, founder of Fleece and Thank You. "We can't thank 100MWC enough for donating to our special cause."

In addition to the check presentation, a few members of the group's steering committee were able to take a tour and learn more about the organization. "We were excited for Fleece and Thank You to receive the first donation, because it is an organization run entirely by millennials", said founder Michelle Denno. "It's much more than just making blankets, our donation is going towards making a personal connection with each recipient, who otherwise might not really have something to smile about."

100+ Millennials who care will host their next meeting on January 21 at Emagine Theatre in Royal Oak. Members of Fleece and Thank You will be in attendance to recap where the funds were allocated to for the rest of the members. Three new charities will be nominated and one will be chosen to receive our next donation.
